

Mansion Viewing

What was once the centre of a vast pastoral empire of the 1870's founded by Thomas and Andrew Chirside now provides you with the perfect backdrop for your special event.

An intimate and personalized way for your guests to experience the wonder of The Mansion at Werribee Park is to book an exclusive viewing. Guests can wander through the Mansion and discover the history of the Chirside family.

Another spectacular way to use the Mansion is for the pre dinner drinks service. The Mansion balcony is the most popular spot as it gives magnificent views of the gardens and property, even better with a glass of champagne in hand!
